

Petit Joys™

FOR COMPANIES, EVENT PLANNERS, DMCS & INCENTIVE PROGRAMS

Named one of the World's Best Artisanal Gifting Experiences · *Entrée Magazine*

The gifts they keep, the company they remember.

We did not go looking for things to sell. We went looking for stories.

A corporate gift is remembered when it is used. Petit Joys handmade artisan gifts live in your client's daily life: the coffee they brew, the honey they open, the story they retell.

The honey comes from rescued bee colonies. The cacao is Criollo from Teapa. The jams, salsas and teas come from family farms in Mexico. Fifteen artisans in all, and we pack and deliver ready to present, from a single thank-you to hundreds of gifts for a conference, a program or a Posada.

Example: a custom bag and tag. Both can carry your logo; the card can carry your message on the back.

MAKE IT YOURS

Your logo and your message, on request.

The card that travels with every gift can carry your words, and your logo can be printed on the bag or the box.

And when the right gift is not on the menu, we develop one. We have created pieces that exist for one client and no one else.

Custom work has its own minimums, pricing and lead times, so bring us into the conversation early.

3 Gifts ready to present

“Whether you gift with us or not, let it be thoughtful. The world doesn’t need more stuff; it needs more meaning.”

We went looking for extraordinary people whose craft and character deserved to be shared. That is what a Petit Joy is. Each one carries a name, a place, and a piece of Mexico that travels home with the person who receives it.
